Note: For the "Delivery note number" there is also the possibility to perform a "Diverse" search. With the "Diverse" search option, only consignments that contain more than one different value in the respective field are found.

Click on the symbol once to open the consignment.
You can only edit unconfirmed consignments.

Partially or fully confirmed consignments can be displayed.

Click **Display** to show the data at the respective level.

The quantity of delivered goods can be confirmed or corrected.

If the quantity position is "0", then a value must be entered. Deleting the incoming data is not permissible!

Clicking the **Back to the list** button opens an overview (Search for deliveries to a third party (303)) without the data being saved.

As soon as all information is entered correctly in its entirety, the data can be transferred. Click the **Save** button to save and transfer the edited data. You are then forwarded automatically to the overview (Search for deliveries to a third party (303)).

Note:

After confirming the data, they will be shown for a period of 14 days.

Note for metal management:

If the further processing of a consignment cannot be completed, checking the box to the left of the respective delivery note resets the delivery note.

The unprocessed delivery notes appear in the overview "Search for deliveries to a third party" with the status "unconfirmed".
